## **Approval - Award of Contracts to Private Firms for Engineering Services Construction**

Following the recommendation of Victor Barbour, State Project Services Engineer, a motion was made by Board Member Lakey, seconded by Board Member Thornburg, and the vote was unanimous to award the following contracts. Award of contracts is subject to approval by the Advisory Budget Commission pursuant to G.S. 136-28(f).

After careful evaluation of the workload and schedules of the work that can be accomplished by our staff, it was determined necessary to employ a private firm to provide the construction engineering and inspection for the project listed below for our Department to obligate available funds. This contract is being presented for approval in accordance with the policies and procedures adopted by the Board on April 7, 2005. The following is a supplemental contract to a previous contract approved by the Board with the same engineering firm. This supplemental contract is necessary due to the construction contracts not being completed on schedule and is required of the firms to complete the construction engineering and inspection of the project.

Following the recommendation of Miriam Perry, Director of Public Transportation Division, a motion was made by Board Member Szlosberg, seconded by Board Member Blount, and the vote was unanimous to allocate funds to the following projects:

#### **Urban Bus and Facilities Program**

##### **Division 5**

Project No. 06-03-061	The <b>City of Raleigh</b> received approval for a Federal Transit Administration Capital Program (Section 5309) grant for design and engineering of a Downtown Raleigh Intermodal Hub that provides linkage between various modes of transportation. The location is at the convergence and continuance of three rail lines at a site referred to as the Railroad Wye. The project will determine the feasibility of providing pedestrian linkages between the two proposed stations of a future Triangle Transit Authority Regional Rail Station and a Southeast High Speed Rail Station to other existing and proposed rail services including Amtrak, NCDOT-Rail Division intercity service, and Eastrans commuter rail. Other modal passenger connections will be considered including city and commercial bus service, taxi, shuttle service, automobile, and pedestrian/bike access from the surrounding community. The City of Raleigh is requesting a 10% state match to the grant amount of \$18,204. The recommended effective date for reimbursement of eligible project costs is January 5, 2005, to coincide with the period of performance authorized by the Federal Transit Administration.	\$182,040 145,632 Federal 18,204 State 18,204 Local

#### **North Carolina Moving Ahead Funds**

## Division 9

Project No.	On November 3, 2005, the Board of Transportation	\$2,692,926	
07-MA-006	approved the obligation of \$5,600,000 of North Carolina Moving Ahead funds for rail corridor preservation of the Winston-Salem R line and for right of way acquisition of the Greyhound property in Charlotte.	2,292,926	NCMA
		400,000	Local

Board approval is requested to use \$2,292,926 of the funds to purchase the Winston-Salem R line from the Norfolk Southern Railroad, including right-of-way and the rails and related costs. The State Appraiser's office has reviewed and approved this offer. State purchase of this rail corridor will allow for re-routing of freight trains once a new commuter service is established on the K line in downtown Winston-Salem. The Piedmont Authority for Regional Transportation (PART) will provide \$400,000 of the acquisition cost.

## RURAL CAPITAL PROGRAM

### Division 11

03-SF-017	<b>Avery County Transportation Authority</b>	\$830,870	Total
	provides community transportation services to 30 human service agencies and to the general public through subscription and dial-a-ride routes. The system has been operating out of a mobile trailer since the loss of their administrative/operations facility by 2 hurricanes and subsequent flooding that devastated Avery County in 2004.	747,783	State

### **Approval - Preliminary Right of Way Plans**

The following resolution was unanimously approved upon a motion by Board Member Collier, which was seconded by Board Member Sewell:

**Whereas**, the Preliminary Right of Way Plans for the below projects, including Secondary Roads and Industrial Access Roads, provide for the construction, design, drainage and control of access as shown on the respective plans; and

**Whereas**, based upon the recommendations of the Manager of the Right of Way Branch, the Board finds that such rights of way as shown on these preliminary plans and drawings, including existing public dedicated right of way, are for a public use and are necessary for the construction of said projects; and

**Whereas**, the rights of way for the location, construction, relocation, and control of access of highways embraced in the below projects shall be as shown in detail on the preliminary right of ways plans and drawings for said projects on file in the Right of Way Branch in the Department of Transportation in Raleigh.

**Now, therefore, it is hereby ordained that** the Board finds such right of way acquisition to be necessary and hereby authorizes the Right of Way Branch to acquire right of way on the below projects either by negotiation or by condemnation through the Attorney General's Office.

**(Division 3)**

**Approval - Final Right of Way Plans**

Upon a motion by Board Member Collier, seconded by Board Member Sewell, the following resolution was unanimously approved:

**Whereas**, right of way acquisition in accordance with the preliminary right of way plans on file in the Right of Way Branch has been determined to be necessary for public use and was authorized by the Board; and

**Whereas**, certain changes in the right of way have necessitated alteration of the preliminary right of way plans; and

**Whereas**, final plans have been prepared and provide for the construction, design, drainage and control of access for these projects. The Board finds that such rights of way and control of access as shown on the final plans are for a public use and are necessary for

construction. The sections of roads which were shown on the preliminary plans as sections of roads to be abandoned are hereby abandoned and removed from the State Highway System for Maintenance upon the completion and acceptance of the project.

**Now, therefore, it is hereby ordained that** the rights of way for the location, design and construction of highways embraced in the following projects shall be as shown in detail on the final plans for said projects as follows:

**(Division 9)**

**Project No. 33597.2.1; Rowan County; I. D. No. B-4255:**

**Approval - Revisions of Final Right of Way Plans**

Upon a motion by Board Member Collier, seconded by Board Member Sewell, the following resolution was approved:

**Whereas**, right of way acquisition in accordance with the final right of way plans for the following projects has been determined to be necessary and authorized by the Board. Plans are on file at the Office of the Secretary to the Board of Transportation as an addendum to the minutes of the meetings hereinafter indicated; and

**Whereas**, certain changes in right of way, construction and drainage easements, and control of access have been necessitated by alterations in the construction plans of these projects. Amended plan sheets for these projects have been prepared which provide for

changes of certain right of way areas, construction and drainage easements and control of access; and

**Whereas**, the Board finds that the revised areas of right of way, construction and drainage easements and control of access, as shown on the amended plan sheets hereinafter set out, are for a public purpose and are necessary for the construction of projects.

**Now, therefore, it is hereby ordained that** the right of way, construction and drainage easements and control of access are hereby revised as shown on the plan sheets incorporated herein as an addendum, said projects, date of original final approval, and revised right of way, easements and access being as follows:

**(Division 3)**

**Project No. 34425.2.2/6.259001T; I. D. No. R-2405A; New Hanover/Pender County:**

of access shown on Addendum 5 to the minutes of the August 3, 2006 Board of Transportation meeting and incorporated herein by reference.

### **Approval - Acquisition of Structures Partially Outside the Right of Way**

The following resolution was approved upon a motion by Board Member Collier, which was seconded by Board Member Sewell:

**Whereas**, the preliminary right of way plans for the following highway projects necessitate the acquisition of a part of certain buildings or structures located within the right of way of projects. Based upon the recommendation of the Manager of the Right of Way Branch and affidavits of independent real estate appraisers, the Board finds that the partial taking of the buildings or structures will substantially destroy the economic value or utility of the buildings or structures; and

**Whereas**, the Board finds that such acquisition of the structures or parts thereof outside the right of way are for a public use and are necessary for the construction of the projects.

**Now, therefore, it is hereby ordained that** the Right of Way Branch has been directed to acquire the below described buildings or structures in their entirety for the construction of the listed projects. The Attorney General, if necessary, is requested to institute proceedings to acquire the buildings or structures in their entirety, together with the right to enter upon the surrounding lands for the purpose of removing the buildings or structures.

### ***CONTRACT RESURFACING***

At the time of preparation of the July agenda item, the 2006 General Assembly had not ratified the current appropriations act. The budget bill has now been ratified and provides for a total of \$269,061,596 for Maintenance Contract Resurfacing to the Divisions and Counties. Also the staff recommends continuing to cash flow \$78,000,000 equally in each of the 14 Highway Divisions and is included in the allocation numbers. These activities will include placement of plant mixed asphalt, surface treatment seals, and recycling of existing pavement. They will also include surface preparation, shoulder reconstruction, and traffic lane markings, performed by State Forces and by Contract. In accordance with current legislation up to 15% of the funds may be used for widening existing narrow pavements.

The staff recommends allocation of the funds in accordance with the formulas shown below:

1. **DIVISION-WIDE ALLOCATIONS – ALL SYSTEMS:** The recommended allocation formula first distributes all contract resurfacing funds to individual divisions without regard to State Highway System, on the basis of (1) 50% of the funds available being distributed to each division on the basis of each division's pro-rata share of total statewide pavement resurfacing needs as determined by the latest Pavement Condition Survey; (2) 37.5% of the funds available being distributed to the divisions on the basis of each division's proportionate share of total State Highway System paved lane mileage; and (3) 12.5% of the funds available being distributed to the divisions on the basis of each division's proportionate share of total State population. From each division formula total, \$2,000,000 has been set aside to be distributed by system within the division based on the recommendation of each Division Engineer. The remainder is distributed by system within the division based on 2 and 3 as follows.
2. **DIVISION-WIDE HIGHWAY SYSTEM ALLOCATIONS:** The remainder of each division allocation, as determined by (1) above, is distributed to the Primary and Secondary Systems within each division on the basis of the individual system's share of pavement resurfacing needs as determined by the latest Pavement Condition Survey. The 2005 session of the North Carolina General Assembly ratified House Bill 747 which eliminated the urban designation on state roadways. As such, there will be no allocation of resurfacing funds made directly to the urban system as these needs and mileages are reflected in either the primary or secondary allocations. Allocations to primary and secondary systems may be used on so designated routes inside municipal areas.
3. **COUNTY SECONDARY SYSTEM ALLOCATIONS:** Of the total amount allocated to each division's Secondary System, each county's allocation is based on (1) 50% of the division-

wide funds being distributed to the counties on the basis of each county's pro-rata share of division-wide Secondary System pavement resurfacing needs as determined by the latest Pavement Condition Survey; (2) 37.5% of the funds available being distributed to the counties on the basis of each county's proportionate share of division-wide Secondary paved lane mileage; and (3) 12.5% of the funds available being distributed on the basis of each county's proportionate share of total division-wide population.

### **Approval – North Carolina Turnpike Authority Annual Plan of Work**

Upon a recommendation of the Finance and Programming Committee, a motion was made by Board Member Kindley and seconded by Board Member Sewell, and the vote was unanimous, with the exception of Board Member Wilson who abstained from voting on this item, to approve the following:

A copy of this agenda item is made a part of the record of this meeting and filed as an addendum to Minute Book 24A.

### **Approval – Resolution for Lulu Belle and Scotty Wiseman**

Upon a recommendation of the Road Naming Committee, a motion was made by Board Member Lakey and seconded by Board Member Cowell to approve the following:

**WHEREAS**, Myrtle “Lulu Belle” Cooper was born December 24, 1913 in Boone, North Carolina; and

**WHEREAS**, Scotty Wiseman was born November 8, 1909 in Ingalls, North Carolina; and

**WHEREAS**, both Lulu Belle and Scotty were established musicians who were paired by Red Foley in the 1930s to perform on the National Barn Dance, the most popular folk and country music radio show at the time; and

**WHEREAS**, Lulu Belle and Scotty Wiseman married in 1934 and became the country's leading husband and wife team entertaining people the world over with their charm, music and personalities; and

**WHEREAS**, Lulu Belle and Scotty Wiseman were known as the “Sweethearts of Country Music” and performed until their retirement in 1958 when they moved back to North Carolina; and

**WHEREAS**, the Avery County Board of Commissioners requested the North Carolina Department of Transportation honor Lulu Belle and Scotty Wiseman.

**NOW, THEREFORE, BE IT RESOLVED:**

That the North Carolina Board of Transportation dedicates N.C. 194 from U.S. 221 to U.S. 19E in Avery County as the ***Lulu Belle and Scotty Wiseman Highway*** for their outstanding contributions to the field of country music.

That appropriate signs be erected at a suitable time.

Adopted, this the third day of August 2006 by the North Carolina Board of Transportation.
